Register in 5 minutes

*Free Automatic Enrolment registration tool for advance staging, staging date, postponement & late registration*

## Automatic Enrolment For Accountants

Our online registration tool enables you to register your clients in our Qualifying Workplace Pension Scheme (QWPS) in just five minutes. Payroll connectivity and document generation will be handled at each appointed Staging Date/Postponement Date.

There is no charge for registering your clients and you/they are free to cancel at any time. Registering now does however ensure they have a fully compliant Qualifying Workplace Pension Scheme in place immediately, whenever their staging date may be.

We can take all employers/employees with unlimited capacity. We also ensure your selected financial adviser (or a passive adviser assigned by us if you do not have one) is always at hand should a client need regulated advice, ensuring you are never compromised.

Fees (upon staging): 10+ members £500 pa, 5 - 9 members £250 pa, 1 - 4 members £125 pa  
(Per PAYE Scheme, subject to VAT)
