Free Automatic Enrolment registration tool for advance staging, staging date, postponement & late registration

Automatic Enrolment For Employers

Our online registration tool enables you, your accountant or adviser to register your company in our Qualifying Workplace Pension Scheme (QWPS) in just five minutes. Payroll connectivity and document generation will be handled at the appropriate date.

There is no charge for registering your company and you are free to cancel at any time. Registering now does however ensure you have a fully compliant Qualifying Workplace Pension Scheme in place immediately, whenever your staging date may be.

We offer a Default Portfolio for employees not wishing to engage with their pension and full access to our range of IM Optimum Portfolios for those who do. Our QWPS also has SIPP functionality for commercial property purchase and flexible drawdown.

Employer Fees (upon staging): 10+ members £500 pa, 5 - 9 members £250 pa, 1 - 4 members £125 pa (Per PAYE Scheme, subject to VAT)
